- Hi-Flow allows maximum flow rate of 1,6 liters per minute
- Easy-to-use 3-step water selection lever
- Easy installation tap adapters included

**Toray company and technology**

1968, Toray began the investigation of membrane water treatment technologies and has developed many types of membrane to separate the impurities in different sizes for the perfect water purification. Toray is currently one of the leading companies in the world. The hollow fiber membrane applied to water purifiers Torayvino developed based on medical technology, used for artificial kidneys. Experimental results show that the unit removes 99.9% of bacteria, meeting the Japan Water Association (JWPA) Voluntary Standards for Water Purifiers\*.

**FILTER CARTRIDGE**

**MADE IN JAPAN**

**torayvino MK304LF**

It is a lever that rotates 360 degrees front to back as well. Because it is possible to either rotate back and forth, it switches from unfiltered straight water to unfiltered spray and filtered water very easy.

With 30% water saving function. When using unfiltered water straight for one year according to interwater research will also conserve water by 30% less.

## Filtered water on tap

### Specifications

#### General Specifications

- 3 switching modes:
  - a) unfiltered straight
  - b) unfiltered spray
  - c) filtered water
- Replacement filter: MKC.LF-EG
- Accessories: 4 adapters on tap
- Easy to install no tools needed.
- See-through Window

#### Technical specifications

- Filter media: "Polysulfone hollow fiber membrane, Granular activated carbon"
- Maximum inlet water temperature: 50°C
- Water pressure: 70 - 350kPa
- Initial flow rate @0.1 Mpa 1.6L/min (Rejection rate over 80%) (Turbidity: filtration flow rate over 50%)
- 2-MIB (mold odor)
- CAT (pesticide)
- Tetrachloroethylene
- Trichloroethylene
- Lifetime filter: Approximately 8-10 months if used 10 liters.

#### Dimensions and weight

- Product dimensions (L x W x H): 60 x 137 x 105mm.
- Product weight: 230gr.
- Single carton dimensions F (L x W x Y): 75 x 170 x 140mm.
- Weight F: 410gr.
- Packaging dimensions (20pcs.) (W x D x H): 363 x 466 x 311mm
- Weight: 9,3 kg.
- Quantity per box: 20 pcs.
- Country of origin Japan

## Characteristics

### Water Filter Torayvino MK304LF

The Torayvino's dual filtering system is a multi-filtration system that removes bacteria, impurities and odors for clean, safe and tasty drinking water. It consists of a hi-tech hollow-fibre membrane, which contains micro-pores for the efficient removal of 99,99% of bacteria, and granular activated carbon which removes unpleasant chlorine, bad taste and odors. The filter also preserves all good minerals in the drinking water that are vital for human health.

### Warning "See-through Window"

The transparent "See-through Window", a feature unique to Torayvino, renders impurities trapped by the hollow fiber visible, and helps ensure cartridges are properly checked and replaced.

The filtered water is therefore always safe and tasty.

### Hi-Flow

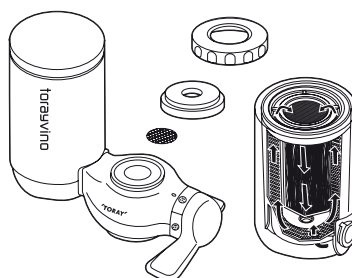

This compact water purifier has a maximum flow rate of 1,6 liters per minute which makes moderat change to the normal flow rate of unfiltered water. By simply rotating the water selection lever, you also have a choice of either a stream or a spray of unfiltered water or spray of filtered water.

### Faucet adapters Easy to install

The appliance comes with a series of links tap adjustment Easy to install, safeguarding that will suit almost any type of kitchen tap.

### Easy-to-use 3-step water selection lever

The advanced QuickTwist filter change mechanism makes changing the filter quick, easy and secure, bringing sense and simplicity to your water purifier.
