- QuickTwist mechanism for easy filter replacement

Toray company and technology

1968, toray began the investigation of membrane water treatment technologies and has developed many types of membrane to separate the impurities in different sizes for the perfect water purification. Toray is currently one of the leading companies in the world. The hollow fiber membrane applied to water purifiers Torayvino developed based on medical technology, used for artificial kidneys. The reduction of bacteria according to Japanese Union water treatment (JWPA) voluntary standards for water purification. The water filter has been shown to remove 99.99% of bacteria as defined in the standards.

Filtered water on tap Specifications

General Specifications

- Choose water: a spray of unfiltered water flows unfiltered nery
- Replacement filter: MKC
- Accessories: 6 adapters on tap Quick Fit, Change Warning Filter Pure Protect

Technical specifications

- Key ingredients Filter: Membrane filtration polysulfide fiber, activated carbon
- Maximum inlet water temperature: 50oC
- Water pressure: 70 - 350kPa
- Water flow rate: 2 L / min @ 100kPa Water Pressure Water Temperature @ 20oC
- Possibility to reduce turbidity: 2000 liters (density @ 2 NTU)
- Possibility to reduce chlorine 1500 liters (density @ 2 ppm)
- Lifetime filter: Approximately 5-6 months if used 10 liters

Dimensions and weight

- Dimensions (L x W x H): 60 x 137 x 105mm.
- Product weight: 230gr.
- Packaging dimensions F (L x W x Y): 84 x 170 x 140mm.
- Weight F: 410gr.
- A • Packaging dimensions (W x D x H): 360 x 450 x 310mm.
- A • Weight: 9,3 kg.

Logistic elements

- Package F EAN: 87 10103 29986 8
- Packaging EAN A: 87 10103 29987 5
- Quantity per box: 20 pcs.
- Country of origin Japan

Characteristics

Water Filter Torayvino MK2

The Torayvino's dual filtering system is a multi-filtration system that removes all bacteria, impurities and odors for clean, safe and tasty drinking water. It consists of a hi-tech hollow-fibre membrane, which contains more than 520 billion micro-pores for the efficient removal of 99,99% of all bacteria, and granular activated carbon which removes unpleasant chlorine, bad taste and odors. The filter also preserves all good minerals in the drinking water that are vital for human health.

Warning PureProtect - "See-through Window"

The transparent "See-through Window", a feature unique to Torayvino, renders impurities trapped by the hollow fiber visible, and helps ensure cartridges are properly checked and replaced.

The filtered water is therefore always safe and tasty.

Hi-Flow

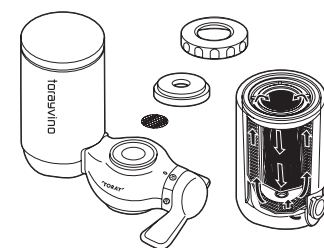

This compact water purifier has a maximum flow rate of 2 liters per minute which makes little change to the normal flow rate of unfiltered water. By simply rotating the water selection lever, you also have a choice of either a stream or a spray of unfiltered water or spray of filtered water.

Faucet adapters QuickFit

The appliance comes with a series of links tap adjustment QuickFit, safeguarding that will suit almost any type of kitchen tap.

QuickTwist filter change

The advanced QuickTwist filter change mechanism makes changing the filter quick, easy and secure, bringing sense and simplicity to your water purifier.
